

Press release 14.12.2011

Hibox Systems hires Danny Shaw as International Business Development Manager

Hibox Systems is pleased to announce the hiring of Danny Shaw as our International Business Development Manager. Danny Shaw has established a sales office in Vienna, Austria and will oversee the continued expansion of international business through management of channel partners as well as direct sales efforts. Danny Shaw is a specialist in international business development having spent over 20 years introducing and positioning technical products and services in the United States, Europe, Eastern Europe, Middle East, Africa, Australia, and Japan. Danny Shaw brings his education from US universities with experience in providing customized solutions that meet client's financial and operational goals through a close personal interest in their successes.
